The Baker-Hunt Foundation

620 Greenup Street
Covington, Kentucky
THE HOME OF

THE BAKER-HUNT FOUNDATION

On June 29, 1854, John W. Baker, a merchant of Cincinnati, and his family established their home in this fine house, now 620 Greenup Street of Covington. He purchased the property from a John C. Bayless. The house had been built on a parcel of land held by Robert Kyle.

The original building had already been enlarged before Mr. Bayless sold it to John Baker. A large new parlor was added to the west front of the house relegating the old parlor to a secondary position. On the south side an entry hallway and stairs had been built and the structure thus made wider. The main entrance to the home was through this hall. In October 1860 an additional strip of land was acquired, enlarging the lot on which the house stood, and shortly after the end of the Civil War, Mr. Baker altered the size and shape of the home.

He had a wide hall door and elaborate vestibule built to replace the plain door of earlier days. The straight stairway was removed from the hall and instead a lovely circular stair was built in the well at the farther end. The small stained glass windows in the stairwell were added at this time. The long French windows were cut in the front wall to admit more light to the parlor. Finally a great deal of additional space was made available by a redesign of the roof to include a slated mansard, decorative dormers, and chimney pieces, converting small attic space into full sized rooms as they are today. The botanical specimens in the gardens were rare and

Rickey Kelleher

1991-
the entry to the coach house at the rear street re-
tained the entire area about the house, a beautifully
planted property which complimented the adjacent
properties creating a stately environment in this area
of the city.

Mr. Baker, having come to Cincinnati from Philadel-
phia in 1838, had established himself as a merchant
dealing in candles, lamps and chandeliers. A year
later he married Henrietta Adams Potter of New Eng-
land background and distinguished family relation.
Dwelling for a few years in a select residential area
of early Cincinnati, Mr. Baker, seeking a more spa-
cious and peaceful abode for his family, which in-
cluded a daughter of nine years, moved them into
this house in Covington, which soon became a cen-
ter of social and cultural life of the young community.

In 1872 Margaretta Baker was married to young Dr.
William H. Hunt in Trinity Episcopal Church of Cov-
ington where the family found much pleasure and
devotional activity. Miss Kate Scudder, her young
niece and close companion, visited often at the
household. The two women, particularly Miss Scud-
der, became community leaders, planning cultural
and educational events in the enlarged home.

As the family members passed away, Mrs. Hunt was
almost always building or planning some addition to
the structure. Once it was a roomy conservatory on
the south side. At another time, a long porch en-
closed with glass. A little bay was added to the
north side of the building. A sun room was built over
the second floor roof toward the rear of the house;
and minor changes accepting new mechanical mod-
ernities as they became desirable.
Mrs. Margaretta Baker-Hunt and Miss Kate Scudder established the Baker-Hunt Foundation in 1922, the entire estate of the Hunt family held in perpetual trust to support it. The Star Bank of Cincinnati designed the legal structure. The recorded purpose of the Foundation is the promotion of education, the arts and sciences, and the encouragement of religious activities.

A building designed to house a natural history museum and a small auditorium was erected in 1927. An art teaching studio was added in 1967 with a parking area acquired in 1970. In these buildings and in some areas of the old house, classes in the arts and allied subjects are taught. The program includes instructions for both children and adults. No tuition is charged. The faculty and the materials for teaching of children are provided by the foundation.

The Foundation operates through a Board of Directors and an Executive Secretary in charge of the program. At the present time the Board Members are: Mr. William B. O'Neal, President; Mr. Benjamin S. Baker, Vice President; Mr. Charles W. Stephens, Treasurer; Mr. Clark Nowland and Mrs. LaVerne Schatzman, Directors. Mr. Vernon Rader, Mr. Bill Batson and Mr. Terry Crilley are Associate Directors. Mrs. Trula Donohoo is the Executive Secretary of the Board and Director of the Program. The program of activities continues through eight months of the year, October through May.

Thus the fine Victorian property remains a lively area and is maintained as an architectural and botanical setting for the advancement of the cultural activities of Northern Kentucky.
