The Baker-Hunt Foundation has included in its activities each year a number of classes for children, working in co-operation with the Public School authorities and to some extent supplementing the work done in the schools.

In order that our friends may have an opportunity to study this work and judge of its merits, we are inviting you to attend one or more of the programs with which we are closing our year, to view the work on display in the Foundation's two buildings, and to talk over with the staff the present work and the future possibilities for service to this community.

The exhibits will be open each evening from seven to ten o'clock in the buildings designated, and a short special program will be presented at eight o'clock in the auditorium of the Covington Art Club.
