

The 1833 Cholera Epidemic. www.TerryFoody.net. 859.539.6325.

During the 19th century, cholera raged in the United States. Drawing from her book, *The Pie Seller, the Drunk & the Lady*, Foody describes civic devastation, and crucial deeds during a summer with 500 deaths. Patterns of epidemics from spread to response, Cholera to Covid, illuminate lessons for today.
